

Opportunity for inspiring choir conductors

Creativity Australia, one of Australia's most innovative not-for-profit social businesses, is seeking enthusiastic and dedicated individuals to conduct upcoming new choirs in Victoria, NSW and the ACT as part of the acclaimed *With One Voice* program.

The program deliberately brings together a diverse cross section of the community with migrants, the unemployed, those with disabilities and disadvantage with general citizens and workers seeking to unlock their creative potential and make a difference as they share the joy of singing.

Conductors will play piano or guitar (or both), have a portable keyboard and/or backing tracks and be proficient in leading choirs often made up of non-English speaking members and those who do not read music. The choir will not hold auditions.

Conductors will be required to encourage and build choir capability and numbers. The role requires administrative oversight of new members with the assistance of choir volunteers and is overseen and supported by the Program Manager at Creativity Australia based in Melbourne.

Choirs perform at events and festivals throughout the year and like to perform a range of songs including African gospel, Australian and international well-loved pieces.

Contracts are for 12 months and the choir will rehearse once a week usually from 5:30pm – 6:45pm, followed by supper.

Please contact Creativity Australia on 03 8679 6088 or enquiries@cal.org.au with a short introductory letter as to your key attributes and interest for this role, alongside a CV/bio. Please visit our Creativity Australia website on www.creativityaustralia.org.au for further information.
